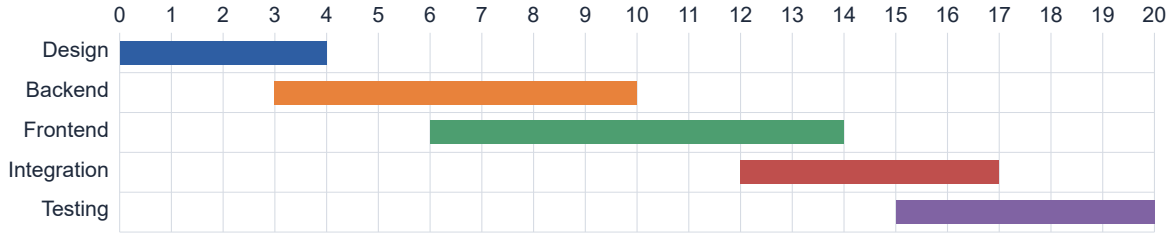
Project Timeline (Gantt Chart)

A vector Gantt chart drawn entirely by the report engine — no canvas, no external charting library.

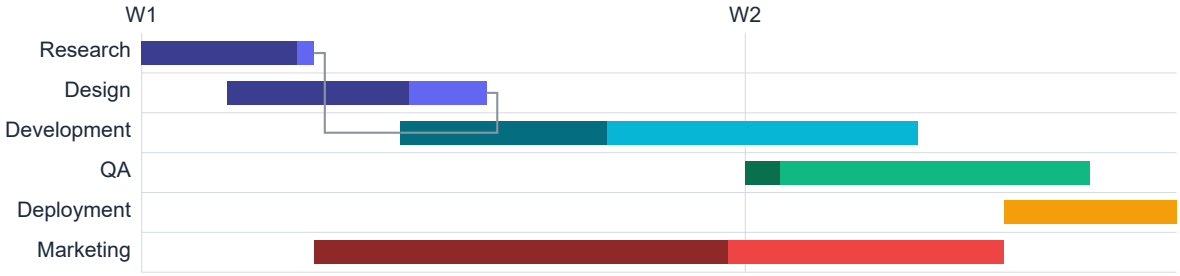
Simple 5-Phase Project

Sprint Timeline



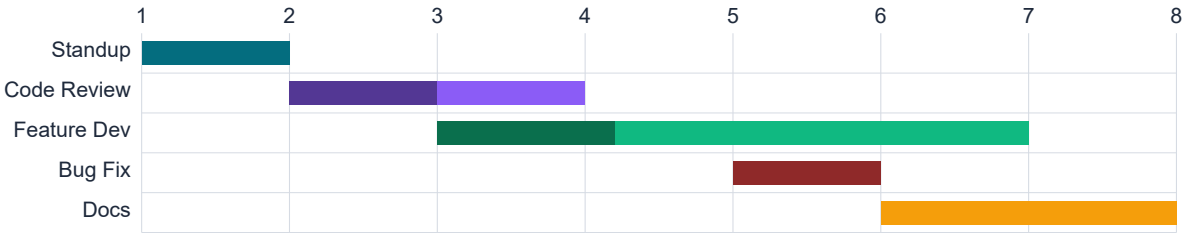
With Dependencies and Progress

Q3 Product Launch



Compact Daily Schedule

Today's Tasks



Task format: name:start:end[:color][:progress][:dependsOn]. Progress bars render as a darker overlay within each task bar. Dependency arrows connect the predecessor's end to the successor's start.
